

Opioid Prevention Resources to Get the Job Done

Acknowledging the reality of opioid misuse in the workplace is a productive step for any business, and a benefit to every community. With the help of **Operation Prevention**, employers now have the opportunity to empower their staff and strengthen their organization with simple, no-cost workplace resources that give clarity to the opioid epidemic, including perspectives on science, health, society, and the legal system.

ADDICTION SCIENCE

The Opioid Epidemic

Learn the basics of what opioids are, while discovering the origins of the epidemic and how it has evolved. Employees will gain perspective into how the opioid epidemic affects people on a personal level.

BRAIN AND BODY

The Science of Opioids

Explore the science of opioids, including their impacts on the brain/body, plus practical ways of preventing dependency. Employees will get an idea of what it feels like to physically experience the science of opioids.

STRATEGIES AND AVAILABLE TREATMENTS

The Reality of Opioids

Discover the affects opioids have on communities, and learn methods for supporting those who have been directly impacted. Employees will find out how crucial support and treatment can be located in one's community.

PREVENTION FOR INDIVIDUALS AND COMMUNITIES

The Power of Prevention

Learn more about substance use prevention. Employees identify three types of prevention, and meet an expert who shares how prevention can be applied in our everyday lives and shared with family, friends, co-workers, and youth.
